ALERT: Law enforcement looking for possible suspect with Colorado murder

The Geary County Sheriff's Department, along with the Kansas Bureau of Investigation and Kansas Attorney General's Office, are asking Kansans to be on the lookout for a possible suspect wanted in connection with a homicide last night in Aurora, Colorado.

The suspect is a white male, 5'10" to 6'0," of average build. He has long reddish blond hair that may pulled back on a ponytail or cornrows. He has 1 to 2 days facial hair growth and a distinct mustache. He was last seen wearing a red shirt, blue jeans and may possibly be barefoot.

Geary County deputies were alerted to the crime when it was discovered that the vehicle the suspect was driving had been stolen in Greeley, Colorado. The suspect fled deputies, wrecked the vehicle and fled on foot. People in southeast Geary County and neighboring counties should make sure their vehicles are secure.

If the public believes they have seen the suspect, they should not approach him, but call 911 or the Geary County Sheriff's Department at 785-238-2261. He should be considered armed and dangerous.
